Subject	Compliance Audit – The Elliott Long-Term Care

Recommendation

1. That the Committee of Management requests the engagement of the external auditor to review and issue an opinion to the City on the compliance by The Elliott with the Indirect Cost Allocation Schedule
-

Executive Summary

Purpose of Report

To seek the approval of the Committee of Management to engage the external auditor to review and issue an opinion to the City on the compliance by The Elliott with the Indirect Cost Allocation Schedule, pursuant to section 21 of our current agreement.

Key Findings

The Elliott Long-Term Care Residence (The Elliott) has identified an emerging budget pressure relating to compensation parity with other competing long-term care facilities in the local area and compression concerns as a result of provincially legislated increases for Personal Support Workers. The Elliott's final Board-approved 2021 budget request of the City was \$502,800, or a year-over-year 36.7% increase.

As part of the 2021 budget deliberations, Council directed that \$465,300 of that budget increase be funded as a one-time operating expense restricted for the purpose of compensation parity. This one-time funding allowed staff the necessary time to further analyze the long-term financial implications of the request.

Given the extraordinary increase in The Elliott's budget request for 2021, staff are recommending that we exercise Section 21 of our current agreement and request an external audit of the compliance with the Indirect Cost Allocation Schedule. Since the agreement was signed in 2015, we have not done a compliance audit of this type, and it is the opinion of staff that we should undertake such an audit periodically throughout the life of the agreement, and that this year is appropriate due to the significant budget increase.

Financial Implications

The cost for the audit will be paid for by the City, with the expected cost to be in the range of \$10 thousand to \$15 thousand depending upon how readily accessible the data is to the auditors. In order to mitigate the cost, the audit work will be performed at the same time as the auditor performs The Elliott's year-end audit fieldwork to create staff time efficiency.

Report

The Elliott operates as the City's designated long-term care facility. The Elliott is a charitable corporation which operates retirement living suites and life-lease suites, in addition to the long-term care residence, collectively known as The Elliott Community. The Elliott is a local board of the City as established by the Elliott Act, 2002. All areas of operation are overseen by a Board of Trustees appointed by City Council. The Long-Term Care Homes Act, 2007, S.O. 2007, requires that a municipality, approved to operate a long-term care home, form a Committee of Management composed of members of Council to oversee the responsibilities of the home. On August 25, 2014, Council passed the Delegation of Authority By-law number (2014)-19796, which establishes the Community and Social Services (now Public Services) Committee as the Committee of Management.

The Elliott identified an emerging budget pressure relating to compensation parity with other competing long-term care facilities in the local area and compression concerns as a result of provincially-legislated increases for Personal Support Workers. The original proposed budget by City staff included an increase of \$37,500, or a year-over-year 2.4% increase. The Elliott's final Board-approved budget request of the City was \$502,800, or a year-over-year 36.7% increase.

To address the additional extraordinary budget request, Council approved a one-time transfer of \$465,300 to The Elliott, restricted for the purpose of compensation parity increases for nursing and personal support positions. Approving this as one-time funding then provided the City with the necessary time to more fully review the request and how it complies with the current funding agreement that is in place with The Elliott.

Section 21 of the agreement, dated February 26, 2015, between the City and The Elliott regarding Long-Term Care Services says that, at the discretion of the Committee of Management, the external auditor may be engaged to review and issue an opinion to the City on the compliance by The Elliott with the Indirect Cost Allocation Schedule, the cost of which shall be incurred by the City.

Requesting an external audit of the compliance with the Indirect Cost Allocation Schedule will provide the Committee of Management with the necessary information to consider the ongoing compensation parity issues, and make decisions about base funding for the 2022 operating budget.

Financial Implications

The cost of the external audit will be paid by the City, and is expected to be in the range of \$10 thousand to \$15 thousand depending upon how readily accessible the data is to the auditors.

Any findings from the audit that have bearing on future operating budgets will be brought back to the Committee of Management for review, and in advance of the 2022 budget deliberations.

Consultations

City staff continue to work with The Elliott senior management team, and will rely on their continued support as we undertake this audit.

Strategic Plan Alignment

Supporting The Elliott as the City's legislative responsibility to have a municipally-designated Long-Term Care Facility aligns with the Building Our Future Strategic Plan pillar. By ensuring compliance with the current agreement, we can provide the Committee of Management with the information needed to consider the long-term operating budget needs of our long-term care facility.
