Discussion Paper: Public Health Modernization

Ministry

Ontario's Ministry of Health

Consultation Deadline

10 February 2020

Summary

The Ministry of Health is holding consultations on transforming Public Health Services across Ontario to inform provincial decision-making on public health service delivery and restructuring. A discussion paper has been posted online alongside a survey that is open for public input.

Proposed Form of Input

That the City of Guelph respond to the Ministry's discussion paper survey, write a letter with interested partners to Municipal Advisor Jim Pine and prepare to participate in in-person consultations should a session be held in the region.

Rationale

The City of Guelph is a co-funder of the Wellington-Dufferin-Guelph Public Health Unit and has representation on the Board of Health.

The Honourable Rod Phillips
Minister of Finance
Frost Building S 7th Floor
7 Queen's Park Crescent
Toronto, ON M7A 1Y7

Dear Minister Phillips,

RE: The City of Guelph's 2020 Pre-Budget Consultation Submission

As Mayor of the City of Guelph, I am pleased to present you with our municipal government's submission to this year's pre-budget consultation process. The City welcomes this opportunity to provide input and share information on our local priorities as Ontario crafts its 2020 budget.

The City of Guelph's submission focuses on 5 key themes:

1) Protect the City of Guelph's Fiscal Sustainability

Financial sustainability is critical for the City of Guelph as a quickly growing community. The City needs long-term predictable funding and stability, especially given changes to development charges and ongoing work towards a new community benefits charge framework, the review of the provincial gas tax, and the review of the property assessment taxation regime. Growth should also pay for growth. When making funding decisions, the province must remember that there is only one tax payer. Negative cumulative impacts on the property tax base resulting from provincial funding decisions should be assessed and avoided. It is important that cities like Guelph continue to have reliable access to sufficient provincial dollars for infrastructure, public transit and cost-shared programs like public health, emergency medical services, long-term care and childcare.

Specific Asks:

- ✓ **Audit and Accountability Fund:** Continue to empower cities to find efficiencies locally through programs like the Audit and Accountability Fund. This provincial program should be enhanced to allow funds to be used for implementation in a way similar to the Municipal Modernization Program. An enhanced Audit and Accountability Fund should also prioritize the implementation of cost-savings solutions identified during the first intake of the program.

City Hall
1 Carden St
Guelph, ON
Canada
N1H 3A1

T 519-822-1260
TTY 519-826-9771

- ✓ **Implementation of new Development Charge Rules and the Community Benefits Charge Framework:** The January 1st, 2020 implementation date for new development charge rules has created challenges for municipal governments in need of more transition time. Implementation should be delayed. The province should also move forward on releasing proposed regulations for the community benefits charge framework for municipal input as soon as possible and delay the effective date to January 1, 2022 to ensure sufficient time for transition.
- ✓ **Aligning Fiscal Years:** The City of Guelph has concerns about the administrative impact of the proposal to align the provincial and municipal fiscal years. Extensive consultation will be necessary to demonstrate the value that would be created by this alignment compared to the cost of such an implementation.

2) **Address the City's Infrastructure Gap with a focus on Environmental Sustainability**

The City of Guelph faces a significant infrastructure backlog valued at approximately \$491 million (as of 2016). In 2020, this unfunded infrastructure gap is expected to grow by \$40.4 million. This means that Guelph's capital build and maintenance needs for key services like roads, parking and storm water, waste water, and water management are outpacing residents' and the City's ability to pay. Support from the provincial and federal governments is critical to address the gap and ensure Guelph's residents have access to the infrastructure investments they expect to see in the community. Any investment in infrastructure must consider the impacts of climate change on the City, advance local resiliency and further mitigation efforts.

Specific Asks:

- ✓ **Funding for a new Central Library on Baker Street:** The Province should approve the City of Guelph's funding application under the Investing in Canada Infrastructure Program (ICIP): Community, Culture, and Recreation Stream to build a 21st century accessible Central Library on Baker Street in downtown Guelph. Funding for cultural and recreational infrastructure should also be enhanced to advance local projects that are responsive to community needs like the City's proposed South End Recreation Centre.
- ✓ **Investing in Canada Infrastructure Program Green Stream Intake for Large Municipalities:** The City of Guelph has numerous green infrastructure projects that would benefit from access to provincial and federal funding. Unfortunately, Green Stream funding under the ICIP program has not been open to municipal governments in Ontario with populations over 100,000 to date. Ontario should open another intake process for green infrastructure funding that is open to large urban municipalities.
- ✓ **Funding for Brownfields Remediation:** One of the challenges to growth in Guelph is a lack of funding for brownfields remediation. Numerous properties connected to existing municipal infrastructure cannot be restored and repurposed to suitable uses unless funds are made available for extensive environmental remediation work. A key example is the former IMICO site at 200 Beverley Street. If made available, provincial infrastructure funds could be used to remediate the site. 200 Beverley Street could then be repurposed to expand Guelph's affordable housing supply.

3) **Connect Our Community by Advancing Green Transportation in Guelph**

For the City of Guelph to continue to grow, Guelph's businesses and residents need access to reliable forms of transportation. To advance transportation in Guelph and further unlock the City's economic potential, the provincial government should invest in key transportation infrastructure.

- ✓ **Move forward on Two-Way-All-Day GO Service along the Innovation Corridor by 2025:** Guelph is uniquely placed at the heart of the Innovation Corridor between Waterloo Region and the City of Toronto. The City of Guelph applauds the provincial government's commitment to GO Train expansion in the area. We urge Ontario to work with municipal partners to move forward on the infrastructure investments and funding necessary to connect the corridor by 2025 as per the Business Case that has been approved by Metrolinx. Two-Way-All-Day GO Service must move forward in a timely way that advances economic development and makes sense for local residents.
- ✓ **Advance Interregional Transportation:** The province should champion action on interregional transportation between Guelph and Waterloo Region. This includes support for local public transit-based transportation as well as necessary provincial investments to maintain Highway 7.
- ✓ **Funding for Complete Streets and Active Transportation:** Like other local communities, Guelph would benefit from access to dedicated provincial funding for active transportation. Complete streets and a strong cycling network are critical green transportation infrastructure necessary for the City to remain connected as it continues to grow.

4) **Advance Affordable Housing**

The City of Guelph faces a vacancy rate of 1.4%, lower than the provincial average of 1.8% and the national average of 2.4%. While this is indicative of the strong economic opportunities and high quality of life enjoyed by Guelph's residents, the vacancy rate and a lack of housing supply along the housing continuum is creating significant challenges when it comes to availability and affordability.

- ✓ **Invest in new Community Housing Capital Builds in Guelph:** There is a lack of Rent-Geared-to-Income community housing in the City of Guelph. There is also a significant waitlist and a large capital repair backlog. The Province of Ontario should work with Wellington County as the Service System Manager and the City of Guelph to address these challenges.
- ✓ **Focus on the Most Vulnerable:** There is a particular need for supportive housing units, transitional housing units and for enhanced emergency shelter capacity in Guelph. Investments along the housing continuum from the provincial government made in partnership with Wellington County as the Service System Manager and the City will go a long way in advancing the wellbeing of Guelph's most vulnerable.
- ✓ **Assess and Revisit the Housing Supply Action Plan:** For Guelph to continue to grow and to ensure there is steady supply along the housing continuum, action needs to

be taken to ensure an adequate supply of housing is entering the market. The province should assess the current Housing Supply Action Plan to determine if it is meeting its objectives. Provincial approaches that incentivize the construction of affordable housing and purpose-built rental in Guelph should be prioritized.

5) Spur Economic Development in Guelph

The City of Guelph's pre-budget consultation submission contains numerous ideas to address the barriers to economic development facing the local economy. Investments in municipal infrastructure, transportation corridors and action on housing are all necessary to further unlock Guelph's economic potential as an agri-food innovation, manufacturing and tourism hub.

- ✓ **Support Local Innovation Hubs:** Local innovation hubs like Innovation Guelph play a critical role in the city's economic ecosystem. Innovation hubs help local entrepreneurs to launch and scale their businesses, generating prosperity for the broader community. Innovation hubs need access to long-term predictable funding from the Ministry of Economic Development, Job Creation and Trade to continue doing this work.

Thank you for taking these perspectives from the City of Guelph into consideration as you develop Ontario's upcoming budget. For more information on this submission, you can contact Kate Sullivan, Acting Manager of Policy and Intergovernmental Relations, at kate.sullivan@guelph.ca.

Sincerely,

Cam Guthrie

Dear Honourable Sir:

Re: Resolution Regarding Enforcement for Safety on Family Farms

Please be advised that Warwick Township Council adopted the following resolution at their regular meeting on June 17, 2019:

WHEREAS agriculture is the second largest industry in Ontario, contributing \$13.7 billion annually to Ontario's GDP and is essential for putting food on the tables of millions of people here and around the world;

AND WHEREAS in recent months there has been a steady increase in harassment of farmers and livestock transporters by activists opposed to animal agriculture and the consumption of animals;

AND WHEREAS the protests have become blatantly illegal in nature with extremist groups trespassing onto private property, unlawfully entering into buildings and removing animals without fear of prosecution and even promoting and publishing their crimes on social media;

AND WHEREAS maintaining proper biosecurity is essential to ensure the health and well-being of the animals cared for on these agricultural operations;

AND WHEREAS the recent attacks on farmers homes and businesses have resulted in no criminal charges laid, leaving farmers feeling unprotected by the Ontario legal system and afraid for the welfare of themselves, their families, their employees and the animals they care for;

NOW THEREFORE BE IT RESOLVED THAT the Council for the Corporation of the Township of Warwick requests that Hon. Doug Downey work with his fellow MPP's and agricultural leaders to find a better way forward to ensure stronger enforcement of existing laws - or new legislation - to ensure the safety of Ontario's farm families, employees and animals;

AND BE IT FURTHER RESOLVED THAT this motion be circulated to Hon. Doug Downey, Ministry of the Attorney General, Hon. Doug Ford, Premier of Ontario, Hon. Sylvia Jones, Solicitor General and Hon. Ernie Hardeman, Minister of Agriculture, Food and Rural Affairs and all Municipalities in the Province of Ontario, AMO, and ROMA.

- Carried.

Dear Honourable Sir:

Re: Enforcement for Safety on Family Farms

Please be advised that the Council of the Township of South Frontenac passed the following resolution at their meeting August 6, 2019:

That Council support the resolution passed by the Township of Warwick regarding the safety on family farms,

And that the Premier, Attorney General, Minister of Agriculture, Food and Rural Affairs, AMO, ROMA and all other municipalities be informed of this decision.

Carried.

Our Council was strongly supportive of the Township of Warwick's position to find a better way to ensure stronger enforcement of existing laws or the creation of new legislation to ensure that the safety of Ontario's farm families, employees and animals. There have been a number of incidents recently where farmers and livestock transporters have been harassed and activists have had no regard for private property and leaving farmers feeling unprotected by the Ontario legal system. A copy of the Township of Warwick resolution is attached.

We look forward to receiving any updates on this matter.

Yours truly

Re: Ontario Power Generation's Deep Geologic Repository Project

At its meeting held on January 20, 2020, Sarnia City Council considered the attached motion submitted by Councillor Margaret Bird with respect to the proposed Deep Geological Repository Project and adopted the following resolution:

That Sarnia City Council support the halting of the construction of the Deep Geological Repository, in the Bruce Peninsular, so that less dangerous solutions can be found for the longer storage of nuclear waste; and

That Sarnia City Council instruct the Sarnia City Clerk to notify all 444 Ontario Municipalities, through AMO, by January 24th., 2020, of our objective; and

That the Sarnia City Clerk send a copy of our resolution to the County of Lambton Clerk, along with all the County Councillors, asking for their endorsement.

Sarnia City Council respectfully seeks your endorsement of this resolution. If your municipal council endorses this resolution, we would request that a copy of the resolution be forwarded to the following:

Honourable Jonathan Wilkinson, Minister of the Environment and Climate Change
