Date + Time: February 19, 2020 18:00-21:00

Location: Waste Resource Innovation Centre, Upper Boardroom

List of Invitees:	<u>Public Members</u>	<u>City Staff/Observers</u>	<u>Consulting Team</u>
	<ul style="list-style-type: none">- Karyn Hogan- Brandon Raco- Duncan Mackenzie- Trevor Barton- John Dennis- Jennifer Packer- Kate Parizeau- Emily Duncan	<ul style="list-style-type: none">- Phil Jensen, SWMMP Project Specialist- Heather Connell, Manager, Business and Technical Services- Cameron Walsh, Divisional Manager- Nicole Davison, Waste Policy Analyst- Das Soligo, County of Wellington- Greg Sayer- Ashlee Cooper, Our Food Future	<ul style="list-style-type: none">- Betsy Varghese (Dillon), Project Manager- Anni Buelles (Dillon), Project Coordinator- Morgan Boyco (Dillon), Engagement Lead/PAC Facilitator

Workshop Objectives:

- Present updates on the Current State Report to set the context on where we are in the study and answer questions
- Present research on Single Use Plastics and discuss implications for Guelph
- Present the upcoming community engagement activities, and review the draft public survey
- Provide an update on Our Food Future

The PAC will act as an advisory committee whose members have been selected to provide input and advice based on their interest and/or experience in waste management, or more generally as community stakeholders. The PAC will be a forum for in-depth discussion of key study issues, concerns and solutions. As with all advisory committees within the City of Guelph, the Solid Waste Management Master Plan (SWMMP) Review PAC is not a decision-making body and will not have the authority to vote or commit City resources, however the committee will advise throughout the process including the development of the recommendations.
