Agenda Items

Item 1

Procedure using WebEx for Committee of Council meeting – 7:00 p.m. – H. Yates

Item 2

Introductions and confirmation of meeting notes (February 5, 2020) 7:05 p.m.

Item 3

Committee updates – departures, extensions, and vacancy posting – 7:10 p.m. – H. Yates

Item 4

COVID impacts and program updates – 7:15 pm - H. Yates

Description: Implications of the COVID-19 pandemic on the Water Efficiency team and 2020 deliverables for Water Efficiency programming.

Item 5

Water Supply Master Plan Update – Enhanced Water Conservation Scenario review and considerations for setting future conservation/efficiency targets – 7:35 p.m. – M. Alexander, and D. Belanger

The Water Supply Master Plan (WSMP) project team will present on achievements in reduced water production and reclaimed supply since the Enhanced Water Conservation Scenario was approved through the 2014 WSMP. This presentation will be a discussion on program success, challenges and considerations in developing water conservation scenarios for the update to the

WSMP. Time will be allotted for feedback from the committee on considerations for evaluating water conservation/efficiency targets in the WSMP update.

Item 6

Wastewater Treatment and Biosolids Management Master Plan – 8:00 pm - Mike Newbigging

Description: The Master Plan is a long-term plan that will look at how the City is currently managing and treating wastewater at the Wastewater Treatment Plant and guides how we will continue to meet the demands of our growing community over the next 30 years.

Item 7

Water and Wastewater Servicing Master Plan Update (A. Hindupur) – 8:20 p.m. – A. Hindupur

Description: The City has progressed in updating this Master Plan since last presenting to WCEPAC in late 2019. This presentation will provide the committee an update on the tasks, deliverables and timeline for the completion of this Master Plan.

Item 8

Stormwater Management Master Plan – 8:25 pm – A. Hindupur

Description: The City has progressed in updating this Master Plan since last presenting to WCEPAC in late 2019. This presentation will provide the committee an update on the tasks, deliverables and timeline for the completion of this Master Plan and solicit feedback on the interplay with the water efficiency mandate of the committee.

Item 9

Next meeting – 8:35 p.m. – H. Yates
