Workshop Objectives:

- Establish Committee Chair
- Present ICI report research findings
- Review high level survey results
- Gather input on the sector workshops and interviews
- Provisional - gather feedback on the options

The PAC will act as an advisory committee whose members have been selected to provide input and advice based on their interest and/or experience in waste management, or more generally as community stakeholders. The PAC will be a forum for in-depth discussion of key study issues, concerns and solutions. As with all advisory committees within the City of Guelph, the Solid Waste Management Master Plan (SWMMP) Review PAC is not a decision-making body and will not

have the authority to vote or commit City resources, however the committee will advise throughout the process including the development of the recommendations.

Agenda

- 1. Welcome**
- 2. Project Update**
- 3. Establish Committee Chair**
 - Review PAC Terms of Reference and the responsibility of the Chair
- 4. Industrial, Commercial, and Institutional Report Presentation**
