## 2020 Intergovernmental Relations Strategic Framework

### Introduction and Context

The City of Guelph's (the City) 2020 Intergovernmental Relations Strategic Framework (IG Strategy) seeks to guide the City's intergovernmental and advocacy activities for the rest of Council's term.

As a mature local government, the City has a vested interest in leveraging intergovernmental relations to work collaboratively with the federal and provincial governments as well as regional partners, local stakeholders and municipal associations. Doing so enables the City to influence key government decision-making, including on policies and funding that would impact the City, and to advance the City's ambitions as a growing, innovative and future-ready municipality and community. Strategically engaging in intergovernmental relations to advance local priorities will also ensure the City is well positioned to address emerging and existing challenges and opportunities facing municipal governments province-wide.

Notably, this document aligns the City's advocacy priorities with the priorities of the City's Strategic Plan "[Guelph. Future Ready.](#)" and ensures the City's intergovernmental advocacy strategically supports community goals as articulated in "[A United Vision: Guelph's Community Plan.](#)"

### Opportunities

Key opportunities for the City of Guelph include leveraging its reputation as an innovative, community-oriented and trusted local government partner focused on efficient service-delivery and ensuring future-readiness. Guelph's strategic location in the heart of Ontario's innovation corridor, status as a regional agricultural hub, strong manufacturing and business sectors, post-secondary institutions, growth potential, access to nature and historically low levels of unemployment also mark the community as a City on the rise. As a mid-sized city, one of Guelph's key value adds is its ability to serve as a testing community to pilot new, innovative, inclusive and green approaches to city-building.

Another advantage for the City is the strength of its relationships with key local partners. Engagement with these partners, including the University of Guelph, Conestoga College, the Guelph Chamber of Commerce, Innovation Guelph, key manufacturing companies like Linamar, and local community-serving organizations, amongst others, can strengthen the City's advocacy efforts with the provincial and federal governments.

From an intergovernmental relations standpoint, the City's close proximity to Queen's Park and the accessibility of transportation options to other destinations also serves as an opportunity to leverage strategic outreach to advance local priorities.

### Challenges

Significant challenges facing the City include the COVID-19 pandemic, a somewhat unstable political environment and longstanding fiscal sustainability challenges that effect not only Guelph but municipalities across Ontario.

The current public health crisis has exposed service gaps and numerous vulnerabilities in our local community and economy. Strategic effort will be necessary to ensure an inclusive and green social and economic recovery from the pandemic and its associated economic impacts. Further to engaging with provincial and federal counterparts, this will require that the City work closely with the County of Wellington as a key partner and our local consolidated municipal service manager. The City will also need to work strategically with local industry and businesses.

Politically, the reality of a minority federal government and an anticipated provincial election before the end of Council's term requires a focus on election readiness. Similarly, the pandemic has highlighted challenges in Canada's intergovernmental framework vis a vis the provinces and municipal governments. Federal and provincial leadership and collaboration is essential on numerous files, including infrastructure and climate change, but hampered by political divisions and municipal governments' status as "creatures of the province." This leads to an uneven intergovernmental framework that fails to capture the prominence of modern-day cities and necessitates an advocacy approach that emphasizes intergovernmental collaboration, speed and evidence-based decision-making. It also highlights the importance of advancing the City's reputation as a trusted government partner and municipal thought leader.

Financial sustainability and the infrastructure backlog remain long-standing risks to the City as well as municipalities province-wide. The COVID-19 pandemic has fully exposed these sustainability challenges. In the years ahead, federal and provincial leadership in providing emergency municipal relief will be imperative until the pandemic subsides and until reform can address these longstanding revenue sustainability challenges.
