Re: Official Plan Amendment
Emma St. to Earl St. Pedestrian Bridge.

I have lived in the area 84 years.

Proctor St. 1937-1956-19 years

Stall Ave 1959-2021-62 years.

Many years ago, when the Norwich St. bridge was closed to traffic and made a pedestrian crossing, Mr. Whitstone, the Guelph Traffic Co-ordinator recommended putting a bridge for traffic across from Emma to Earl. This would probably have caused traffic problems for citizens on Emma, Earl, Stall, Mac and Dufferin.

A pedestrian, cycling bridge would be ^{great} ~~great~~. The Trans-Canada Trail is very popular and an easy way to access downtown Guelph. I am not informed enough about the environmental concerns so will not comment.

Thank you

Theresa Lowry.
