Hello I live in the ward. I think this is a great idea. Bringing this area back to life is fantastic. Only way to cut down people in their cars is to be able to walk to local businesses. I realize this isn't far from true downtown but this side of the river or tracks is a great start. Metal works building still has two more buildings to build and we need business in this area. Do a historical walk 2 summers ago. We had pizza places and small business in this ward area. I'm for the changes to start. Feel free to email if you need more info from a ward owner.
