If you require 11 parking spaces, you will be killing the chances of having this enterprise succeed.

Located in the Ward, just down the street from a very dense population of condo-dwellers on Arthur Street on the one side and a population of low to medium-income, environmentally conscious homeowners on the other, most of whom will walk to the businesses,

I do not see the need for more than 5 or 6 parking spaces. Please consider Watir's requests carefully with an eye to preserving the local character of St. Patrick's Ward.
