good morning - I am adding my support to the other voices in our neighbourhood for this variance to permit additional uses and a reduction in the number of off street parking spaces.

I live on Oliver Street just a few doors down from this property and have had many conversations with neighbours and people walking by about how excited we all are to have this amenity in our neighbourhood.

As an added historical perspective, our immediate neighbourhood has many homes that were originally small shops and grocery stores, so this project fits right in.

So I wholeheartedly ask that this variance request be granted.
