Why is it not possible to comply with the Zoning By-law?

Please describe the reasons why the variance(s) are needed *

1. Enlargement/extension of a legal non-conforming use
2. The design of the garage/mudroom addition/ second floor and attic was designed to fit under the existing soffit of the original house so not to interfere or have to alter the existing roof line, hence the relief to the front setback
3. Legal parking spot does not meet 6m requirement from the front lot line
