Why is it not possible to comply with the Zoning By-law?

Please describe the reasons why the variance(s) are needed *

As a result of the proposed consent, this property will not meet the minimum Lot Frontage and Lot Area requirements of the R.1B Zone. The existing property is currently oversized and underutilized for this area of the City. The creation of two equal sized lots, although slightly deficient in lot frontage and lot area requirements, meets the objectives of the Growth Plan, PPS and Official Plan in terms of residential intensification and efficient use of infrastructure within the Built-Up area of the City. The Heritage planner is seeking preservation of this house and the repositioning will not leave room for a 0.5 metre landscape strip adjacent to the driveway.
