# How to be a vaccine champion

- Start a conversation about vaccines with family, friends, neighbours
- “I GOT MY COVID-19 VACCINE” stickers and selfie banners are available at clinics. Use these tools as a conversation-starter to tell people about your experience getting the vaccine.
- Can your experiences help someone else get registered for their vaccine?

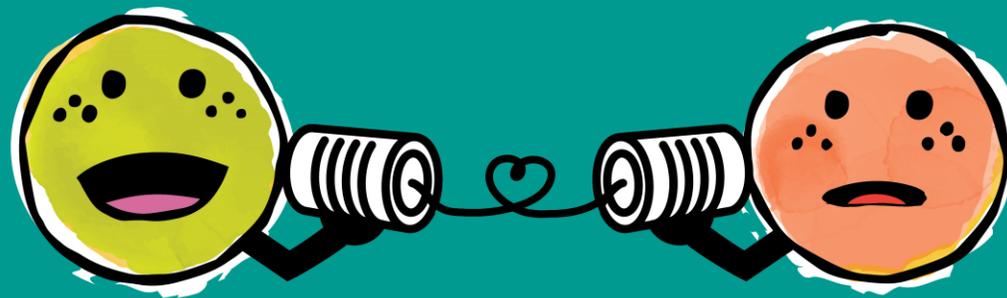

# WDG Public Health Presentations

- Are you connected with a local organization or community group in WDG that would benefit from knowing more about vaccination and how to be a vaccine champion?
- Reach out to WDGPH communications to set up a virtual presentation

The most important  
member of the vaccine  
effort is YOU!

Have the conversation with your friends,  
family, neighbours and co-workers.  
You can be the one to make the difference!
