Attachment-4 Tree Inspection Report

Tree Inspection Report 649 Scottsdale, Guelph ON

Tree Inspection Report

Summary

The following Tree Inspection Report has been prepared for Brydges Landscape Architecture, for the proposed development project at 649 Scottsdale Dr., Guelph, Ontario.

The report summarizes the 13 trees to be removed on the property.

Limitations of Inventory

This Arborist Report was compiled from field data collected from the ground. A basic visual assessment of the tree was performed. No level of ISA Tree Risk Assessment was performed. More data on risk may be obtained through a basic or advanced ISA Tree Risk Assessment.

Observations

All species identification for the trees A1 - A5, and B1 - B8 are Correct.

The following changes should be made:

Tree A1: 33cm DBH, Condition: Good

Tree A2: 32cm DBH, Condition: Fair

Tree A3: 38cm DBH, Condition: Good

Tree A4: 25cm DBH, Condition: Good

Tree A5: 34cm DBH, Condition: Good

Tree B1: 37cm DBH, Condition: Poor

Tree B2: 25cm DBH, Condition: Fair

Tree B3: 15cm DBH, Condition: Fair

Tree B4: 17cm DBH, Condition: Fair

Tree B5: 20cm DBH, Condition: Fair

Tree B6: 26cm DBH, Condition: Good

Tree B7: 20cm DBH, Condition: Fair

Tree B8: 25cm DBH, Condition: Good

Prepared by:
