

The McElderry Community Group fully endorses the plan to convert the former Holiday Inn at 601 Scottsdale Drive to student accommodation. In our view, the location is ideal: close to amenities, on a bus route, within walking distance of the university and not immediately adjacent to residential neighbourhoods. We encourage the repurposing of existing buildings for this purpose and ask that you support the application on December 13th.

Regards

Greg Ross, Linda Davis, Michelle Wan
