

Intergovernmental Consultation

Draft GHG Offset Program Protocols (Landfill Methane and Refrigeration Systems)

Ministry/Department

Environment and Climate Change Canada

Consultation Deadline

Friday, February 18, 2022

Summary

To finalize its GHG Offset program the government of Canada is seeking input related to draft protocols focused on landfill methane recovery and destruction and reducing greenhouse gases from refrigeration systems.

Proposed Form of Input

Staff will prepare a letter for submission as part of the consultation process.

Rationale

The City has an interest in contributing to policy development towards a carbon neutral future, especially as it relates to municipal services like solid waste management.

Lead

Environmental Services – Solid Waste
