

Hello,

By this this email I wish to notify the Clerk and City Council regarding the property of 2029 Gordon Street in the Clair-Maltby Secondary Plan. In reviewing the mapping for the Clair-Maltby Secondary Plan, the property at 2029 Gordon Street has been mapped incorrectly. It is currently mapped with the land use designation Significant Natural Area & Natural Area and it should be mapped as Mixed-use, along with the properties located to the south. This has been discussed with Leah Lefler, from City of Guelph who is also in agreement with this incorrect mapping. Contact information as follows:

Leah Lefler, Environmental Planner
Infrastructure, Development and Enterprise, **Planning and Building Services**
City of Guelph
519-822-1260 extension 2362
leah.lefler@guelph.ca

Regards,
Paul Adema
