

Dear Ms.Nasswetter,

I am writing to object to the above Zoning By-law amendment.

I am an owner / resident at Arthur Street and object to the changes particularly; building height, number of proposed units, site orientation.

I was aware of the building when I purchased it several years ago but after living in the development and seeing the changes proposed (four floors higher and 197 units increased). The high number of suspected single occupancy units will increase vehicle traffic as well as resident turnover as families start or grow. I fear the neighbourhood with another building planned adjacent to 43 Arthur (site specifics unknown at the time of this writing) will have the appearance of some of those in east Bramalea or south Meadowvale in the region of Peel.

Too many in Too small a space

Sincerely and please keep me on your notifications list regarding this matter

Ron Patterson
