

## **Schedule B: Description of Heritage Attributes**

- 2-storey, side gable building form and 1.5-storey tail;
- Three stone chimneys above the gable walls;
- Exterior stone walls, including the stone tail at rear;
- All original door and window openings with their stone sills, where intact;
- All original wood window frames, sashes and glass, where intact;
- Original interior plaster cavetto mouldings in ground floor/first storey downstairs front hall and two second floor/second storey upstairs principal bedrooms;
- Original window stools and skirts, paneled window reveals, and door and window casings, where intact;
- Front door, transom and side lights.

It is intended that non-original features may be returned to documented earlier designs or to their documented original without requiring Council to amend the designation by-law.
