

Feb. 22, 2023

Sirs at Committee of Adjustment,

I have sent the application for a minor variance on the existing house.

I'm not doing any construction at present nor planning to do any. This is all on what is already on site that I was told does not comply with the existing bylaws.

I've attached a letter from my next door neighbor stating they are fine with what is there.

Also find attached surveyors plans with all the measurements and a drawing of the existing site plan with the measurements.

Regards,

Claudio Gutwein
