

2026 Election – Alternative Voting Methods and Accessible Service Enhancements

Carrie Murray-Sprague and Jennifer Slater

Touchpoints for 2023

We will have 5 engagement opportunities with the AAC this year:

- Today is touch point one
- August 15
- September
- October 17
- December 19

*See Memo to the AAC titled: 2023 voting methods and accessible voting service enhancements engagement overview

Who will we be engaging with?

- You!
- Comparator Municipalities
- Larger Municipalities that are leaders in accessible voting
- Community Accessibility leaders
- Election subject matter experts
- Vendors offering voting method or accessible service enhancement options

Methods we
have already
identified
and will
research...

Internet voting

Vote from home

Vote by mail

Vote by phone

Remote accessible vote by mail

Accessible Voting Enhancements Identified

- Accessible voting equipment
- Braille sleeves
- Masked/sent free location
- City Hall as a central hub for accessible enhancements
- ASL translation
- Magnifying sheets

Questions for the AAC

Are there additional alternative voting methods that should be included as part of the research stage of this project?

Are there additional accessible voting service enhancements that should be included as part of the research stage of this project?

Survey for the AAC

Please use [the survey](#) to identify additional voting methods and accessible voting enhancements for the Clerk's Office to research.

- Survey is limited to 15 submissions (1 per AAC member)
- Survey is available until May 1, 2023.

Thank you for your time
today, and while
completing the survey.
Are there any questions?
