

Dear Councillors,

My name is Lindsay Gilmore and I'm writing to share my support of the proposed updates to bylaw section 4.15 regarding Home Occupations that allows additional dwelling units and accessory buildings to be used for Home Occupations.

I believe this change will affect the community in a positive way because it will give people like myself who work remotely the option to keep work close to home with the added benefit of separation of home and work.

The impact to the surrounding community will remain the same whether Home Occupation is happening in the primary residence or the additional dwelling unit/accessory building, so I feel there is no reason why this bylaw should not be passed.

Passing this bylaw would help small businesses succeed in Guelph and I look forward to your support in passing this bylaw.

Thank you,

Lindsay Gilmore
