

I have attached my written comments concerning 60 Ontario Street file number A-32/23. Please include them in the Committee of adjustment meeting on June 8th. Thank you.

In regards to the proposed amendment at "standing room only" 60 Ontario St. As a resident and new community member in the ward I am strongly opposed to this project. I live right across the street from this establishment and I am deeply concerned about the noise levels and general drunken debauchery happening so close to my home. I moved here under one year ago and appreciate the quiet neighbourhood and community feel that the ward offers. I moved away from downtown largely to get away from the noise. I am already skeptical of this establishments operating ethics and I do not feel they have the same community values that the neighbourhood holds. I do not trust them to cut people off when they've had too much to drink or to have proper security. Increasing the number of people drinking late at night in a residential neighbourhood seems like a bad idea. This is a place where children live, play and study; they shouldn't have to dodge last nights vomit on there way to school.

I am really just here as a concerned citizen casting my vote for NO! Please do not approve this plan.
