

Riverside Park: Bandshell Renovations and New Trails AAC Presentation

August 15th, 2023

Jean Starchuk, Project Manager – Facilities
Renewal

Agenda

1. Existing Riverside Park Site
2. Background Information
 - Bandshell and Washroom Renovations
 - New Trails
 - What is in Scope and what is Out of Scope
 - Accessible Components
3. AAC Feedback, Questions and Motion

Existing Riverside Park Site

- Bandshell and Washrooms
- Marilyn Drive Entrance – Parking Area
- Existing Trails
- Baseball Diamonds
- Woodlawn Road East Entrance – Parking Area

Riverside Bandshell and Washrooms

- Bandshell renovations completed to date:
 - Canopy siding
 - Stage lights
 - Two (2) ramps to upper stage
- Remaining Bandshell, Washroom renovations and New Trail construction tender has been awarded
 - Construction anticipated to start in September 2023 for Spring 2024 public use

Scope of Project

In Scope

- Bandshell canopy and stage
- Bandshell washrooms
- New washroom sanitary connection and decommissioning of septic bed
- New water line to Forestry nursery
- New trails to create a pedestrian connection from the parking areas to the bandshell and ball diamond spectator area

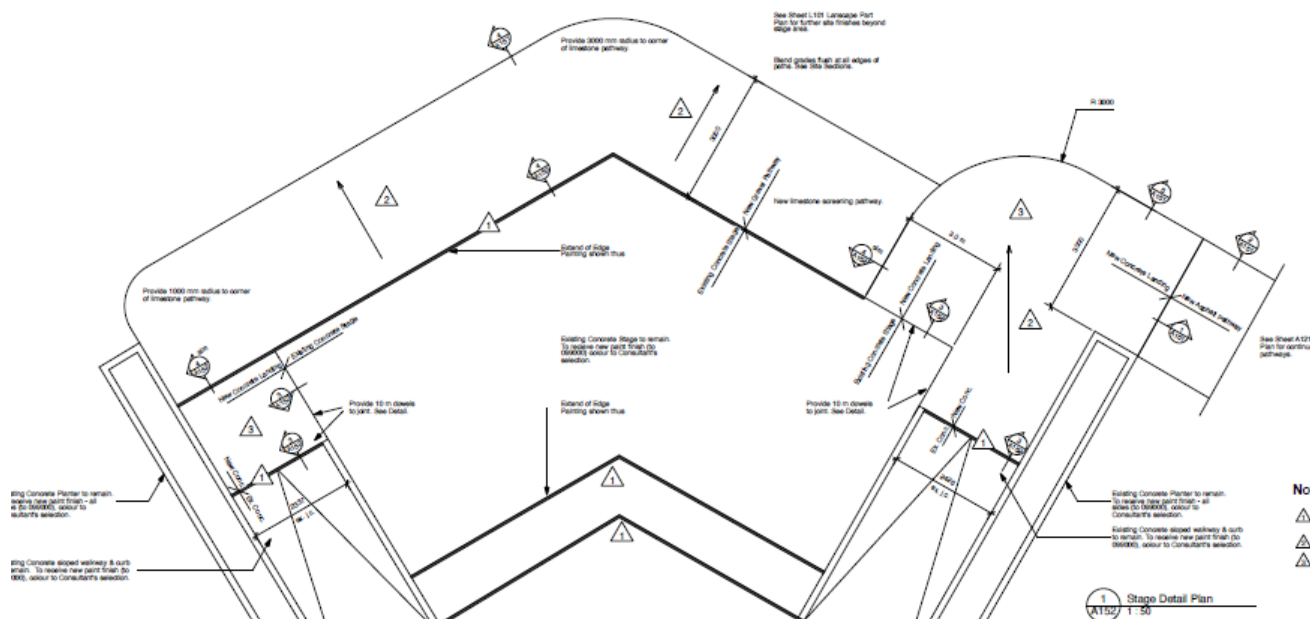

Out of Scope

- Parking
- Permanent seating
- Other park amenities (garbage cans, signage, etc.)

Riverside Bandshell Stage

Accessible Components:

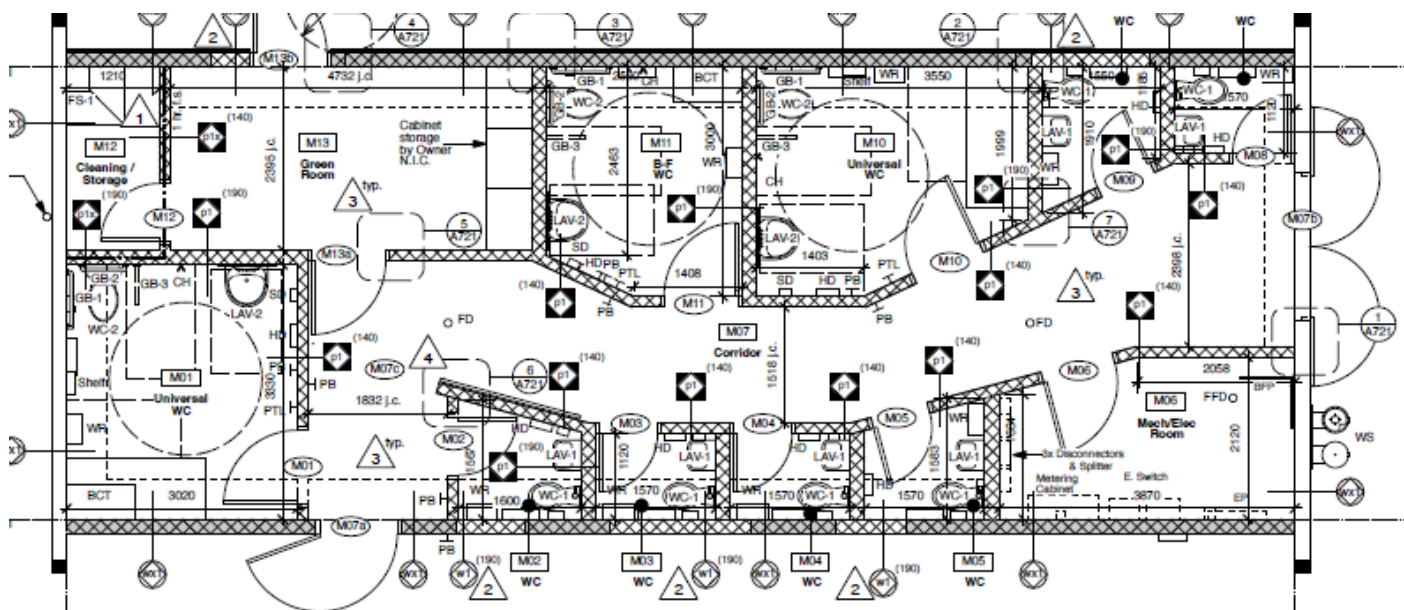

- Lower and upper stage areas
- Two (2) ramps
- Limestone screening viewing area

Riverside Bandshell Washrooms

Accessible Components:

- FADM Design
- Two (2) Universal Washrooms

Trail Specifications

- Trail Design meets the FADM:
 - Slopes – 0% to 4% range
 - Trails 3 meters wide
- Other Considerations
 - Durable surfaces – asphalt and limestone screening
 - Water drainage

AAC Feedback, Questions and Motion

- AAC Feedback:
 - Bandshell and Bandshell Washroom Renovations
 - New Trails
- Recommended Motion:
 - That the AAC supports renovations to the existing Riverside Park Bandshell and Bandshell Washrooms and the new trail design, and supports the design,
 - or has no comments on the design,
 - or would like to see if _____ modifications could be considered as part of the design
