

Committee of Adjustment Notice of Public Hearing

An Application for Minor Variances has been filed with the Committee of Adjustment

Application Details

Location:

37 Manor Park Crescent

Proposal:

The applicant is proposing to construct a detached garage with a second floor additional residential dwelling unit on the subject property.

By-Law Requirements:

The property is located in the Residential Single Detached (R.1B) Zone. A variance from Section 4.15.1.7.4.1 of Zoning By-law (1995)-14864, as amended, is being requested. The By-law requires that, when an additional residential dwelling unit is located above a detached garage, the maximum total building height shall be 6.1 metres, and shall not exceed the overall building height of the primary dwelling [5.97 metres].

The property is also located in the Low Density Residential 1 (RL.1) Zone. Variances from Section 4.12.1(d)(iii)(A) and Table 4.7.2 of Zoning By-law (2023)-20790, as amended, are being requested. The By-law requires:

- a) that when an additional residential dwelling unit is located above a detached garage containing a vehicle parking space, the maximum total building height is 6.1 metres, and shall not exceed the building height of the primary dwelling unit [5.97 metres]; and
- b) that a balcony (applicable to floors above main floor/entry level) has a minimum setback from a lot line of 2 metres.

Request:

The applicant is seeking relief from the requirements of both Zoning By-laws to permit a maximum height for the proposed accessory building (detached garage and second story additional residential dwelling unit) of 6.1 metres and to exceed the overall height of the primary dwelling.

The applicant is also seeking relief from the requirements of Zoning By-law (2023)-20790, as amended, to permit a balcony located above the main floor/entry level to have a minimum right side yard setback of 1.5 metres.
