

Yes please pass a bylaw making it illegal for tents etc in the downtown area.

I was passing the Bookshelf and a man asked me for money for food.

I had just come from marketfresh and had a few groceries which I offered to the man.

He spat at my feet saying he needed money.

I ran away and was upset for days.

We live in the metalworks condo complex and are often downtown. It is getting very unnerving and scary to be there.

Thanks for listening
