

To whom it may concern. I am a huge member in this community and I'm concerned about our homeless population.

I am a mother of someone that is homeless. She has been homeless for awhile now. I worry about her this winter freezing to death. Some help is needed for these people. And how can they kick people out of 23 Gordon and Royal City Mission.. she now has no where to go. She has slept in tents before to help from freezing. Please help our children.

Concerned mother
