

Hi there

I am Iside Dallon owner of Apple Salon on Wilson St downtown Guelph. I support the bylaw for banning encampments in the downtown area.

My guests are afraid to frequent the downtown because of the encampments and the disruption that this causes the small businesses. We need to act immediately and find a solution for this problem. This bylaw is a pivotal move for Guelph and therefore should not be ignored.

I'm in full support.

Let's find solutions not create problems.

Sincere Regards

Iside Dallon
