

Hi

This is Michelle from Simply Wonderful Toys a downtown store. I am up from the main core of downtown thank GOD. We cannot have encampments downtown, the people hanging around has already impacted stores I am sure. They come up to our plaza and all they do is steal !!! So many we have kicked out or chased or we lost out on their theft. We need to get them out of the downtown core not encourage them to stay and now live there. It will ruin downtown. It used to be such a quaint town with cute shops downtown. This will drive business away for sure.
