

Clerks Office

City staff have decided not to include our proposal in the final report to Council regarding the Drill Hall Request for Expression of Interest (RFEOI) despite asking the community to invest hundreds of hours of volunteer time contributed in good faith to this public process.

We believe that the Staff report contains oversights and errors in reference to our submission. As such, we would request that all three(3) components of our proposal be included in the agenda for the June 4th Committee of the Whole meeting.

The full proposal is available on our website, alternatively you can download it here:

Please confirm receipt of this email and if this request can be accommodated.
