

Dear Folks,

I would appreciate the opportunity to share my thoughts regarding the above matter at your August 28th council meeting.

A) Agreement is universal I am sure regarding the support needed around the encampment issue. Folks need assistance.

B) The Issue is complex in; need, duration, solutions and effectiveness results. Folks needs must be ; measured tracked and continuously improved.

Kudos to the work that has gone on in the past by those mentioned in the By-law Engagement Council Memo. Attention has been drawn what Public Space By-law should cover. Of concern is **IMPLIMENTATION**.

Education, Awareness also needs by-law enforcement (compliance) lack of by-law enforcement will give us a similar result as our city road usuage. Let's not make the same mistake twice
