

# Committee of Adjustment Notice of Public Hearing

**An Application for Minor Variances has been filed with the Committee of Adjustment**

## Application Details

### Location:

39 Hayes Avenue

### Proposal:

The applicant is proposing to remove the existing single detached dwelling and construct a new triplex on the subject property.

While uses permitted with the RL.2 zone are in effect, certain regulations associated with the RL.2 zone remain under appeal and are not yet in effect. To address this, the applicant has requested minor variance approvals (variance c) to effectively replace certain sections of Zoning By-law (2023)-20790, as amended, that are under appeal with legally approved regulations that mirror the regulations that are under appeal. This approach serves as an interim method to bring site-specific zoning into force in a manner consistent with the intent of Zoning By-law (2023)-20790, as amended.

### By-Law Requirements:

The property is located in Low Density Residential 2 (RL.2) Zone. Variances from Section 5.9(a) and (b), and Table 6.3 of Zoning By-law (2023)-20790, as amended, are being requested.

The By-law requires:

- a) a minimum of 20% of the total required parking spaces for multi-unit buildings with 3 or more dwelling units and mixed use buildings on lots identified with a (PA) suffix shall be provided as electric vehicle parking spaces;
- b) a minimum of 80% of total required parking spaces for multi-unit buildings with 3 or more dwelling units, townhouse – cluster, stacked, stacked back-to-back, and mixed-use buildings shall be provided as designed electric vehicle parking spaces;
- c) a minimum interior yard setback of 1.2 metres; and
- d) that for lots within the Older Built-Up Area Overlay, the minimum exterior side yard setback is the average of the established setbacks of the immediately adjacent lots, and where there is only one immediately adjacent lot or where the average of the setbacks of the adjacent lots cannot be determined, the minimum setback shall be 6 metres.

### Request:

The applicant is seeking relief from the requirements of Zoning By-law (2023)-20790, as amended, to permit:

- a) 0 electric vehicle parking spaces;
- b) 0 designed electric vehicle parking spaces;
- c) a minimum interior yard setback of 1.2 metres for the proposed triplex; and
- d) a minimum exterior yard setback of 3 metres for the proposed triplex.
