

hello,

I am writing to express concern about the Reformatory Conservation Plan. There is a real opportunity to be legacy driven and forward thinking with this park.

However, that would mean conserving the whole area as a park.

Central Park, New York is iconic now, but required vision then - Guelph has the same opportunity.

Using some of the land for residential development would be very short sighted.

Please protect ALL the land to give the current and future Guelph residents something to be proud of.

Thank you

Michelle Browne
